HUMMEL BRAND HISTORY

→ 1923 → 1956 →

Albert Messmer develops one of the first football cleats in the world. With his brother Michael Ludwig Messmer, he founds the company Messmer & Co., that will go on to become known as hummel.

The visionary Bernhard Weckenbrock takes over the company. He creates a comprehensive brand identity and introduces the chevrons.

1969 ←

The first sportswear collection is launched. Sponsorships are signed and help boost sales. A rounder version of the bumblebee than the current one is created.

1968 ↘

The first sponsorship deal is signed. The deal is with Duisburg, a team playing in the 2nd German Bundesliga.

1970

hummel is introduced to the Northern European market.

1979

hummel signs a sponsorship deal with the Danish national team for the first time – a deal that lasts until 2004.

→ 1988

hummel signs a sponsorship deal with Real Madrid and the club's biggest star, Emilio Butragueño. The deal makes hummel products even more popular.

→ 1999 →

hummel gets a new owner – Thronico. Christian Stadil becomes part of the brand history. He launches a reintroduced, original sport style collection on the fashion market and hummel becomes a trendsetting sports apparel brand.

→ 1992 →

It's a surprising win, to say the least. The Danish national team takes the title at the European Championships having played Germany in the final.

2016

← 2017 ←

The Danish women's team wins silver at the Women's Euro Championship in the Netherlands, losing to the Netherlands in the final.

2019 →

In 2019, hummel substantiates its status as an original handball brand by signing the German handball club, THW Kiel – unarguably one of the biggest clubs in the World.

← 2013

After many years hummel once again sponsors a team in the German Bundesliga. SC Freiburg plays a sensational first season after returning to the first league and qualifies for international competition.

hummel celebrates its 90th birthday with the relaunch of a range of heritage styles.

2020 →

In 2020 hummel team up with the historic football club Everton FC and return to the Premier League after 13 years of absence. The chevrons are back on the biggest football stage again!

1000+ SPONSORSHIPS

hummel is proud to sponsor a powerful, inspiring and unparalleled roster of teams, clubs, and players in countries all over the world. Together, they form #teamhummel – and in different ways, they bring character, strong social values, and commitment to the

game. To bring some of our key collections to life, we have visited six of the clubs we sponsor – and at hummel, we work hard to create even closer relationships with all partners in the years to come.

ASTRALIS

H U M M E L E N T E R S E - S P O R T

It's time to kick-start a new era within esport. And why not start from the top? In the summer of 2020 hummel announced a historic partnership with Astralis Group, who owns and operates the three globally leading brands: Origen in League of Legends, Future FC in FIFA, and the Counter-Strike team Astralis. All teams in the Astralis Group portfolio are among the best in the world with a massive fan base and with a total esport audience

reaching almost 500 million people this year, hummel is beyond proud to become a part of this exciting and fast-growing industry.

EVERTON F.C.
EVERTON F.C.

BACK IN PREMIER LEAGUE

HUMMEL JOIN FORCES WITH EVERTON F.C.

After 13 years of absence from Premier League, the iconic hummel chevrons are finally back on the world's biggest football stage. Starting from the 2020/21 season, hummel will be the technical kit partner for one of the most traditional clubs in the history of English football, Everton FC. The deal will see 'The People's Club' become hummel's global flagship club partner.

Everton was one of the 12 Founder Members of the Football League and has spent more

seasons in England's top division than any other Club (117). With almost 400 million people worldwide interested in Everton, the club enjoys massive following both domestically and globally – all providing a perfect fit for the hummel brand.

GERMAN CHAMPIONS 2020

THW KIEL WON THE GERMAN CHAMPIONSHIP IN 2020

Hummel is proud to sponsor one of the biggest and most successful handball clubs in the world - THW Kiel. In 2019, both parties agreed on a long term six-year deal and already in the first season of the partnership, THW Kiel won the German Championship wearing the iconic hummel chevrons. The partnership is a major statement for hummel in the world of handball

and reinforces hummel's position as a market leader. Together, hummel and THW Kiel are ready to challenge the standards in international handball. It's time to put handball first.

COLLECTION RUNNING FROM 2021 - 2024

- LIGHTWEIGHT MATERIALS WITH SECOND SKIN COMFORT
- HIGH-PERFORMANCE FUNCTIONS AND BENEFITS
- ALL-WEATHER DESIGNS
- INCREASED FUNCTIONALITY

Lead is designed for high-performance team sport athletes who appreciate a combination of high functionality and modern aesthetics. The LEAD styles are inspired by an 'Everyday Active' perspective where it should be easy and fast to switch from leisure to action in just a moment. The styles are designed from the idea of bringing daily fashion elements into the classic team sport design.

LEAD brings plenty of high-tech features developed for high-performing athletes. Features such as moisture management, light weight fabrics and a performance fit ensures a great functionality both on and off the pitch or court.

A medium shot of a female volleyball player in action. She is wearing a yellow and blue jersey, blue shorts, white socks, and white shoes. She is jumping high, reaching up with her right arm to spike a blue and white volleyball over a black net. Her hair is tied back in a ponytail, which is blurred from motion. The background shows a wooden bleacher.

GOALKEEPER AND REFEREE

- BREATHABLE FABRICS AND MOISTURE MANAGEMENT
- PADDED ELBOWS AND THIGHS FOR PROTECTIVE SUPPORT
- FUNCTIONAL FITS AND RANGE OF MOVEMENT FOR PERFORMANCE
- ICONIC DESIGN REFERENCES AND SEASONAL COLOURS

The goalkeeper and referee collection delivers extra support for every move. Protective padding, effective moisture management and breathable mesh inserts allow for unrestricted movement, extreme leaps and jumps. Padded elbows and tights ensure optimal protection and both the design and colours allow ref-

erees and goalkeepers to be easily recognized on the field or court. Inspired by Peter Schmeichel's iconic 90s goalkeeper jersey, selected styles are decked out with retro embossed print.

EQUIPMENT BAGS

FUNCTIONAL BAGS FOR EVERYONE

hummel offers a wide range of functional and versatile bags in a variety of designs, sizes, colors and functional details. They feature handles and/or straps for easy carrying, large and small compartments with or without zippers, quality print, compression straps for adjustable sizing and water-repellant

URBAN

The new urban bags are developed for the individual consumer, but the collection is also an obvious solution for teams looking for something extra. The styles offer a cool street-inspired design with a clear urban vibe.

LIFESTYLE

hummel's lifestyle collection is an exclusive range of bags developed for professional clubs and the individual retail consumer. The styles are characterized by a clean Scandinavian look with discreet hummel branding and a water repellent surface.

SPORT

The sports bags are developed for teamsport. The collection offers a traditional program of sports bags, back packs and trolleys for teams. The bags offer great printability and a stylish hummel branding.

HANDBALLS HANDBALLS

FROM PROFESSIONAL TO PRACTICE BALLS, HUMMEL OFFERS A DIVERSE RANGE FOR ALL KINDS OF PLAYERS AND TEAMS.

- AIRTOUCH CUSHIONING FOR EXTRA SOFTNESS AND BOUNCE
- WOVEN POLY/COTTON LINING THAT STABILIZES AND ADJUSTS SOFTNESS/WEIGHT
- LATEX BLADDER WITH AIRTRAP VALVE FOR AN AIRTIGHT BALL

Reliable handballs with predictable flight and a good bounce are essential. hummel offers a competitive range of quality handballs – from

high-performance match balls to training balls for children. All handballs are made from durable PU (Polyurethane).

HYBRID HANDBALLS

UNIQUE DOUBLE BLADDER CONSTRUCTION

Inner and outer rubber bladders reinforced by a cotton and polyester lining for a perfect mix of bounce and stability. The inner bladder makes your ball vivid and bouncy, while the unique second bladder takes the bounce to new heights!

STRONG HYBRID CONSTRUCTION

Hybrid handballs are extra strong and durable. All PU hexagons are machine-stitched and glued together before being hardened under compression giving a super smooth surface and a perfect roundness.

THICK FOAM-BACKED PU SURFACE

With Air Touch foam to back a thick PU surface, you're sure to experience extra softness and a better grip. The PU of Storm Pro has even been upgraded with a microfiber padding providing a whole new dimension of softness.

REGULAR HANDBALLS

TRADITIONAL RUBBER BLADDER

Inner rubber bladder covered by a white cotton and polyester lining giving you a great mix of bounce and stability when you set your ball in motion.

FOAM-BACKED PU SURFACE

All PU hexagons are hand-stitched and backed with foam of different thicknesses depending on the type of ball best suited for your game plan.

HANDBALL INFLATION GUIDE

PREPARATION

During wintertime, we suggest to store the handballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape.
Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

HANDBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the handball in a ventilated room at 20 – 25°C.

FOOTBALLS FOOTBALLS

A BROAD RANGE OF FOOTBALLS FOR PROFESSIONALS AND AMATEURS ALIKE

- HIGH-PERFORMANCE MATCH, TRAINING AND FUTSAL BALLS
- FIFA-APPROVED MATCH BALLS
- AIRTOUCH CUSHIONING FOR SOFTNESS
- AIRTRAP LATEX BLADDER FOR AIRTIGHTNESS AND LIGHTNESS

From professional, FIFA-approved match balls to futsal balls and balls for children, hummel offers a wide range of carefully developed footballs. Many feature special features like AirTouch technology for soft cushioning and

AirTrap latex bladders for responsive, light and airtight balls. All balls are designed with durability in mind, whether they're professional, indoor or practice balls.

THERMO BONDED

INNER CARCASS BLADDER

The restricted carcass bladder does not allow the ball to increase it's size. It ensures the stability of the outer cover material and makes the ball last longer.

POLYESTER LINING

The polyester lining strengthens the bond between the bladder and the EVA foam layer in order to improve shape retention for a longer life.

HIGH PERFORMANCE FOAM LAYERING

The EVA foam layer creates a soft touch feel and greater bounce along with high reactive speed off the foot. the ball perfectly round.

PERFECTLY ROUND PU SURFACE

The Thermo Bonded footballs are made with no threat and no stitching. It's made with Heat Infused Technology (HIT), that increases the shape conformity and makes the ball perfectly round.

MACHINE + HAND STITCHED

INNER BLADDER

Inner rubber bladder giving vivacity and bounce to the ball and securing minimum expansion over time.

POLYESTER LINING

Machine Stitched : It controls damage to the foam and helps close seams efficiently.
Hand stitched: 3 – 4 layers of polyester are used as a replacement for foam an improves shape retention and rebound.

LIMITED LAYER OF FOAM

With a very limited foam layer the regular balls are slightly harder than others. Hand stitched balls with no foam at all..

STITCHED PU SURFACE

Regular footballs are either machine stitched or hand stitched meaning the seams are not sealed. Still with only 10% water uptake.

HYBRID & KINETIC

WEIGHT STABILIZING BLADDER

The fiber wined SR bladder is used to achieve correct weight and strong foundation for the outer cover material.

EXTRA SOFT FOAM LAYERING

The extra thick foam layer in the Hybrid / Kinetic balls ensures greater durability and life along with reduced impact and a soft feeling on the foot.

RESISTANT PU SURFACE

Still being machine stitched, the Hybrid/Kinetic balls are sealed by heat pressure making the balls last longer and keep them perfectly round.

POLYESTER LINING

The inner lining prevents the foam from cracking and tearing.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.

Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape.
Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.

**NOTHING
BEATS THE**
FEELING

We humans have always been hunters. Searching for food. Searching for attention, love, freedom and security.

The hunter instinct has been a part of our biological survival kit, since the beginning of our existence.

And thank God for that, otherwise we wouldn't be here.

The problem is, that we have slowly started chasing the wrong things in life. Focusing on performance goals, optimization and growth. Faster, higher, stronger, prettier, thinner - it never stops. We all know the game.

The question is: Do we want to be part of it?

It's time to ask: What is truly worth running for? Do we run for the likes or because we like to run?

Do we ride to beat someone or even to be someone else? In that case it calls for a time out and some respect for the power of exercise.

Moving our bodies has more to offer, even in the small scale of things, it gives us a feeling.

A feeling of freedom and wellbeing.

It gives us energy, a better sex life, lifts our self-esteem and lowers our pulse (after some time, anyway). It gives us greater patience, a clearer mind and healthier perspective. It gives us joy. Not necessarily on the go, but always during the hours after and the following days even.

It lifts our lives and the corner of our mouths. That's why we love it and have made a living of sharing that passion with you. That's why we design clothes to join you and support you all the way. Comfort at the core.

So go run. Go ride. Breathe deep. And enjoy that both you and your surroundings benefit from the sweaty part of your moving.

Be proud. Feel free. Feel good. Whether you go for four or forty kilometers. After all, when you one day cross the final finish line .

That's what really counts. That's the one thing worth going for.

**NOTHING
BEATS THE**
FEELING
