1923 → 1956 →

Albert Messmer develops one of the first football cleats in the world. With his brother Michael Ludwig Messmer, he founds the company Messmer & Co., that will go on to become known as hummel.

The visionary Bernhard Weckenbrock takes over the company. He creates a comprehensive brand identity and introduces the chevrons.

1969 ← 1968 →

The first sportswear collection is launched. Sponsorships are signed and help boost sales. A rounder version of the bumblebee than the current one is created.

The first sponsorship deal is signed. The deal is with Duisburg, a team playing in the 2nd German Bundesliga.

1970

hummel is introduced to the Northern European market.

1979 → 1988 →

hummel signs a sponsorship deal with the Danish national team for the first time – a deal that lasts until 2004.

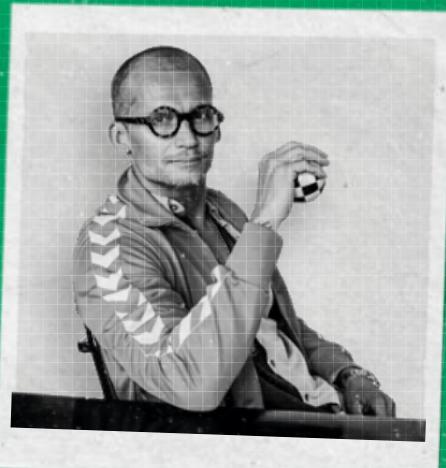

hummel signs a sponsorship deal with Real Madrid and the club's biggest star, Emilio Butragueño. The deal makes hummel products even more popular.

→ 1999 →

hummel gets a new owner – Thornico. Christian Stadil becomes part of the brand history. He launches a reintroduced, original sport style collection on the fashion market and hummel becomes a trendsetting sports apparel brand.

1992

It's a surprising win, to say the least. The Danish national team takes the title at the European Championships having played Germany in the final.

2016

2017

The Danish women's team wins silver at the Women's Euro Championship in the Netherlands, losing to the Netherlands in the final.

After many years hummel once again sponsors a team in the German Bundesliga. SC Freiburg plays a sensational first season after returning to the first league and qualifies for international competition.

hummel celebrates its 90th birthday with the relaunch of a range of heritage styles.

2019

In 2019, hummel substantiates its status as an original handball brand by signing the German handball club, THW Kiel – unarguably one of the biggest clubs in the World.

2020

In 2020 hummel team up with the historic football club Everton FC and return to the Premier League after 13 years of absence. The chevrons are back on the biggest football stage again!

1000+

1000+ SPONSORSHIPS

At hummel, we are proud sponsors of a powerful, inspiring, and unparalleled roster of teams, clubs and players in countries across the world. Together they represent #teamhummel and the way they bring character, strong social values, and commitment to the game is remarkable.

Even though it's been a hard year for everyone at #teamhummel due to Covid-19, the talented players have managed to excel despite restrictions and lock downs. They've secured medals and honor while wearing the chevrons – and as sponsors we've felt privileged to be a part of the journey and still do.

At hummel, we find it important to create a close relationship with all our partners and under normal circumstances we would have visited several of our hummel clubs. Instead, we've pinpointed some of the good stories, and we look forward to seeing every one of them bringing the new collection to life at what they do best – bringing sportsmanship and team-effort to new levels.

EVERYBODY'S SECOND TEAM

hummel is proud sponsor of the men's and women's Danish national football teams and during the Euros 2020, we became even more proud of our year-long partnership with DBU. During the hardest of times, the Danish players won over the world by example and pointed out the importance of the small local clubs around the nation doing the tremendous work of raising national heroes.

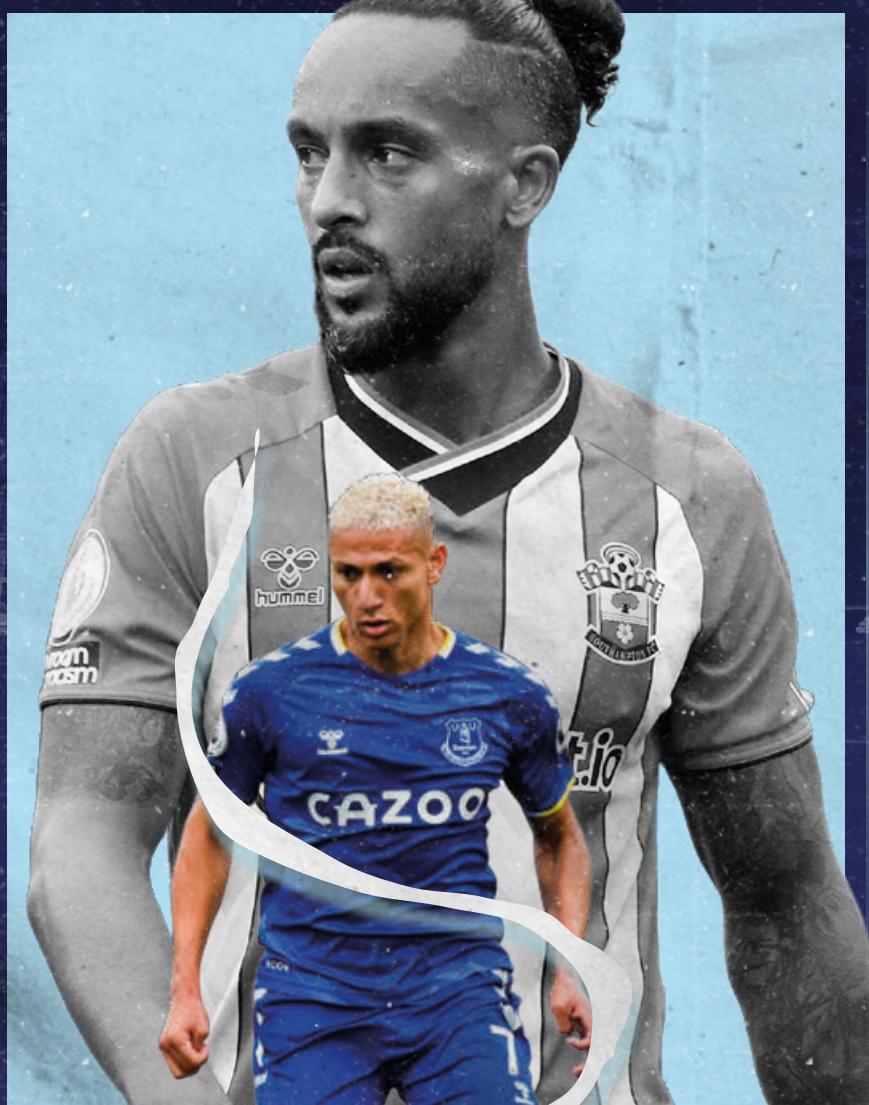

The team deserved to raise the trophy, but they accomplished something that no trophy will ever embody. They raised HOPE and DREAMS across the whole world of what we can do, when we come together – as a nation, as a team.

In our hearts, they will forever be the real winners of the European Championship and we look forward to being a part of the journey ahead for all sides.

WHEN YOU SHARE, YOU GET MORE

hummel is honored to be represented in the world's biggest football leagues as the technical kit partner of both Everton and Southampton. Together with two of the most historical clubs in English football, we share a deep respect for heritage and character. We celebrate the worldwide football community in both its diverse and shared passion for the game as well as the important connection between the club, the players, and the fans – because when you share, you get more.

And that's exactly what we are deeply committed to doing. Sharing the joy of the game. We share the same values of turning potential into excellence on and off the pitch. Together with Everton and Southampton, we want to use the power of sport to help drive change and create a lasting impact for a better future.

SILVERWARE FOR TWO OF GERMANY'S MOST ICONIC HANDBALL TEAMS

hummel is proud to sponsor two of the most iconic handball teams in Germany – THW Kiel and SC Magdeburg – and in the 2020/21 season we witnessed medals for both teams. THW Kiel won the German Championship, while SC Magdeburg was crowned EHF European League winners.

At hummel, we are very excited to follow the two teams in the future and together we strive to become even stronger - both on and off the court. We believe in sharing the game and that's why we are ready to challenge the future standards in international handball. Let's put handball first!

HUMMEL REINFORCE THEIR POSITION AS MARKET LEADERS WITHIN HANDBALL

In June 2020, we signed a multi-year contract as sponsor of the Norwegian National Handball teams with the quest of winning international gold. The women's national team dawned the iconic chevrons with their record 8th EHF Euro Gold medal as well as their Olympic bronze medals in Tokyo 2020.

The new partnership with NHF underlines the strategic and importance of our indoor category and reinforces hummel's position as a market leader within the world of handball. Handball is engrained in the brand DNA of hummel, and we are looking forward to strengthening our association with the sport even further together with two of the best national teams in the world.

THE MULTIFUNCTIONAL TEAM SPORT COLLECTION

Lead is designed for high-performance team sport athletes who appreciate a combination of high functionality and modern aesthetics. The LEAD styles are inspired by an 'Everyday Active' perspective where it should be easy and fast to switch from leisure to action in just a moment. The styles are designed from the idea of bringing daily fashion elements into the classic team sport design.

LEAD brings plenty of high-tech features developed for high-performing athletes. Features such as moisture management, light weight fabrics and a performance fit ensures a great functionality both on and off the pitch or court.

COLLECTION RUNNING FROM 22 FROM 25

- ✗ QUALITY BASICS FOR BOTH TRAINING AND MATCHES
- ✗ COMFORTABLE FABRICS AND FUNCTIONAL CUTS FOR PERFORMANCE
- ✗ ICONIC CHEVRON PRINT FOR A CONSISTENT LOOK
- ✗ ELEVATED NECK CUTS AND SLEEVE HEM DETAILS

ABOUT THE COLLECTION

The popular Core XK collection is one of hummel's classics offering a strong range of quality basics including everything from comfortable and durable jerseys to pants, jackets, and sweatshirts. Inspired by the proud hummel heritage, the collection is designed for both indoor and outdoor athletes on all levels who appreciate a combination of high functionality and modern aesthetics.

The collection is packed with elegant styles anchored in a Danish design tradition stripping back details for a minimalist look. Elevated neck cuts, sleeve hem details, and the iconic chevrons create a consistent look that delivers maximum value for money. And though the design lines may appear simple, they are technical in their articulated cutting a finish, which provides the player with a comfy and soft feel both on and off the pitch.

DESIGN YOUR OWN KIT

JERSEY AND SHORTS DESIGNED
WITH SUBLIMATION

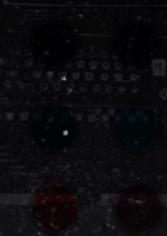

With the hummel BeeSpoke and Sublimation programme, clubs can have unique kits and create their own vision of style. Clubs can choose from five jersey styles with either short or long sleeves, and a variety of special colours and designs. Furthermore, it is possible to add your own design through our sublimation programme. With endless design possibilities, design variations and flexibility on quantity and lead time, hummel BeeSpoke and Sublimation highlight the individuality of every single club and caters to speciality needs and requirements.

It's time to go explore the extensive possibilities of the hummel BeeSpoke and Sublimcation universe

EXTRA PROTECTION, FIT AND COMFORT

The goalkeeper and referee collection delivers extra support for every move. Protective padding, effective moisture management and breathable mesh inserts allow for unrestricted movement, extreme leaps and jumps. Padded elbows and tights ensure optimal protection and both the design and colours allow referees and goalkeepers to be easily recognized on the field or court. Inspired by Peter Schmeichel's iconic 90s goalkeeper jersey, selected styles are decked out with retro embossed print.

HMLCIMA XK T-SHIRT S/S WOMAN

211590

A photograph of two women in black sportswear. One woman is seated in the foreground, looking towards the camera. The other woman is seated behind her, also looking towards the camera. They are both wearing black hoodies and shorts with yellow Hummel logos. They are sitting on what appears to be wooden bleachers.

FROM PROFESSIONAL TO PRACTICE BALLS, HUMMEL OFFERS A DIVERSE RANGE FOR ALL KINDS OF PLAYERS AND TEAMS.

Reliable handballs with predictable flight and a good bounce are essential. hummel offers a competitive range of quality handballs – from high-performance match balls to training balls for children. All handballs are made from durable PU (Polyurethane). Most of the balls also feature these three crucial elements:

- ✗ **AirTouch cushioning for extra softness and bounce**
- ✗ **Woven poly/cotton lining that stabilizes and adjusts softness/weight**
- ✗ **Latex bladder with AirTrap valve for an airtight ball**

HYBRID HANDBALLS

STRONG HYBRID CONSTRUCTION

Hybrid handballs are extra strong and durable. All PU hexagons are machine-stitched and glued together before being hardened under compression giving a super smooth surface and a perfect roundness.

UNIQUE DOUBLE BLADDER CONSTRUCTION

Inner and outer rubber bladders reinforced by a cotton and polyester lining for a perfect mix of bounce and stability. The inner bladder makes your ball vivid and bouncy, while the unique second bladder takes the bounce to new heights!

THICK FOAM-BACKED PU SURFACE

With Air Touch foam to back a thick PU surface, you're sure to experience extra softness and a better grip. The PU of Storm Pro has even been upgraded with a microfiber padding providing a whole new dimension of softness.

REGULAR HANDBALLS

FOAM-BACKED PU SURFACE

All PU hexagons are hand-stitched and backed with foam of different thicknesses depending on the type of ball best suited for your game plan.

TRADITIONAL RUBBER BLADDER

Inner rubber bladder covered by a white cotton and polyester lining giving you a great mix of bounce and stability when you set your ball in motion.

HANDBALL INFLATION GUIDE

PREPARATION

During wintertime, we suggest to store the handballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape.
- Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

HANDBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the handball in a ventilated room at 20 – 25°C.

- ✗ HIGH-PERFORMANCE MATCH, TRAINING AND FUTSAL BALLS
- ✗ FIFA-APPROVED MATCH BALLS
- ✗ AIR TOUCH CUSHIONING FOR SOFTNESS
- ✗ AIR TRAP LATEX BLADDER FOR AIRTIGHTNESS AND LIGHTNESS

A BROAD RANGE OF FOOTBALLS FOR PROFESSIONALS AND AMATEURS ALIKE.

From professional, FIFA-approved match balls to futsal balls and balls for children, hummel offers a wide range of carefully developed footballs. Many feature special features like AirTouch technology for soft cushioning and AirTrap latex bladders for responsive, light and airtight balls. All balls are designed with durability in mind, whether they're professional, indoor or practice balls.

THERMO BONDED

INNER CARCASS BLADDER

The restricted carcass bladder does not allow the ball to increase its size. It ensures the stability of the outer cover material and makes the ball last longer.

POLYESTER LINING

The polyester lining strengthens the bond between the bladder and the EVA foam layer in order to improve shape retention for a longer life.

HIGH PERFORMANCE FOAM LAYERING

The EVA foam layer creates a soft touch feel and greater bounce along with high reactive speed off the foot. the ball perfectly round.

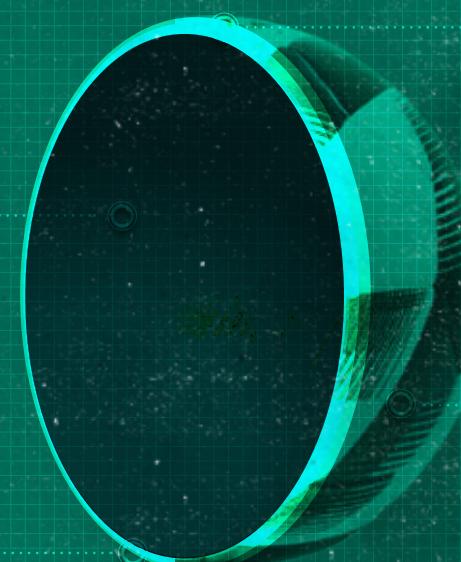

PERFECTLY ROUND PU SURFACE

The Thermo Bonded footballs are made with no threat and no stitching. It's made with Heat Infused Technology (HIT), that increases the shape conformity and makes the ball perfectly round.

HYBRID & KINETIC

WEIGHT STABILIZ- ING BLADDER

The fiber wound SR bladder is used to achieve correct weight and strong foundation for the outer cover material.

POLYESTER LINING

The inner lining prevents the foam from cracking and tearing.

EXTRA SOFT FOAM LAYERING

The extra thick foam layer in the Hybrid / Kinetic balls ensures greater durability and life along with reduced impact and a soft feeling on the foot.

RESISTANT PU SURFACE

Still being machine stitched, the Hybrid/Kinetic balls are sealed by heat pressure making the balls last longer and keep them perfectly round.

MACHINE + HAND STITCHED

INNER BLADDER

Inner rubber bladder giving vivacity and bounce to the ball and securing minimum expansion over time.

POLYESTER LINING

Machine Stitched : It controls damage to the foam and helps close seams efficiently.
Hand stitched: 3 – 4 layers of polyester are used as a replacement for foam an improves shape retention and rebound.

LIMITED LAYER OF FOAM

With a very limited foam layer the regular balls are slightly harder than others. Hand stitched balls with no foam at all..

STITCHED PU SURFACE

Regular footballs are either machine stitched or hand stitched meaning the seams are not sealed. Still with only 10% water uptake.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature (20 – 25°C) for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.

Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape.
Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.

HUMMEL SPORTSAID

The brand new hummel SPORTSAID is a professional line of sports care product developed in cooperation with health care professionals, sports physiotherapists and leading sports medical suppliers to support athletes on all levels.

hummel SPORTSAID is designed and selected with focus on the needs for athletes and health care staff in various sports. The range spans from basic needs for amateur clubs to extensive sports care products for professionals to meet any medical need.

In addition to hummel SPORTSAID we collaborate with the leading global health company ESSITY. With this strong partnership hummel secures our clubs, teams and retailers to have access to popular product trademarks like Strappal®, Leukotapes® and Tensospray®.

All our products have been carefully tested on the field and in the test lab. We put this phase above all other, so we can guarantee the highest quality for the athlete.

All our tapes and bandages are latex-free.

PRINT GUIDE

- DO** take extra care with the print press
- DO** adjust the machine settings to the correct pressure per cm² and printing time
- DO** have the correct temperature settings as supplied in manual [max temperature 140°C]
- DO** use rubber pad for the garment's print area to lay on

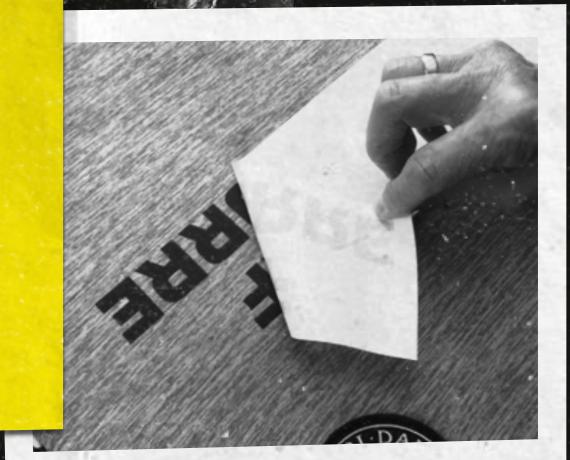

- DO NOT** heat directly onto any existing print on the garment
- DO NOT** use either paper or Teflon sheet to protect existing print from the heat plate
- DO NOT** heat garment for any longer than 15 seconds

IMPORTANT! Providing that these guidelines are followed correctly, you should have a perfectly printed garment with no damage done to the existing print.

hummel is not liable for any damage made to the existing print/logo, should it be reheated and/or if the instructions are not followed correctly. This can damage existing print or logo leading to peeling-off or cracking.

We humans have always been hunters. Searching for food. Searching for attention, love, freedom and security. The hunter instinct has been a part of our biological survival kit, since the beginning of our existence. And thank God for that, otherwise we wouldn't be here. The problem is, that we have slowly started chasing the wrong things in life. Focusing on performance goals, optimization and growth. Faster, higher, stronger, prettier, thinner - it never stops. We all know the game. The question is: Do we want to be part of it?

It's time to ask: What is truly worth running for? Do we run for the likes or because we like to run? Do we ride to beat someone or even to be someone else? In that case it calls for a time out and some respect for the power of exercise.

Moving our bodies has more to offer, even in the small scale of things, it gives us a feeling. A feeling of freedom and wellbeing. It gives us energy, a better sex life, lifts our self-esteem and lowers our pulse (after some time, anyway). It gives us greater patience, a clearer mind and healthier perspective. It gives us joy. Not necessarily on the go, but always during the hours after and the following days even. It lifts our lives and the corner of our mouths. That's why we love it and have made a living of sharing that passion with you. That's why we design clothes to join you and support you all the way. Comfort at the core.

So go run. Go ride. Breathe deep. And enjoy that both you and your surroundings benefit from the sweaty part of your moving. Be proud. Feel free. Feel good. Whether you go for four or forty kilometers. After all, when you one day cross the final finish line. That's what really counts. That's the one thing worth going for.

NOTHING BEATS
THE FEELING

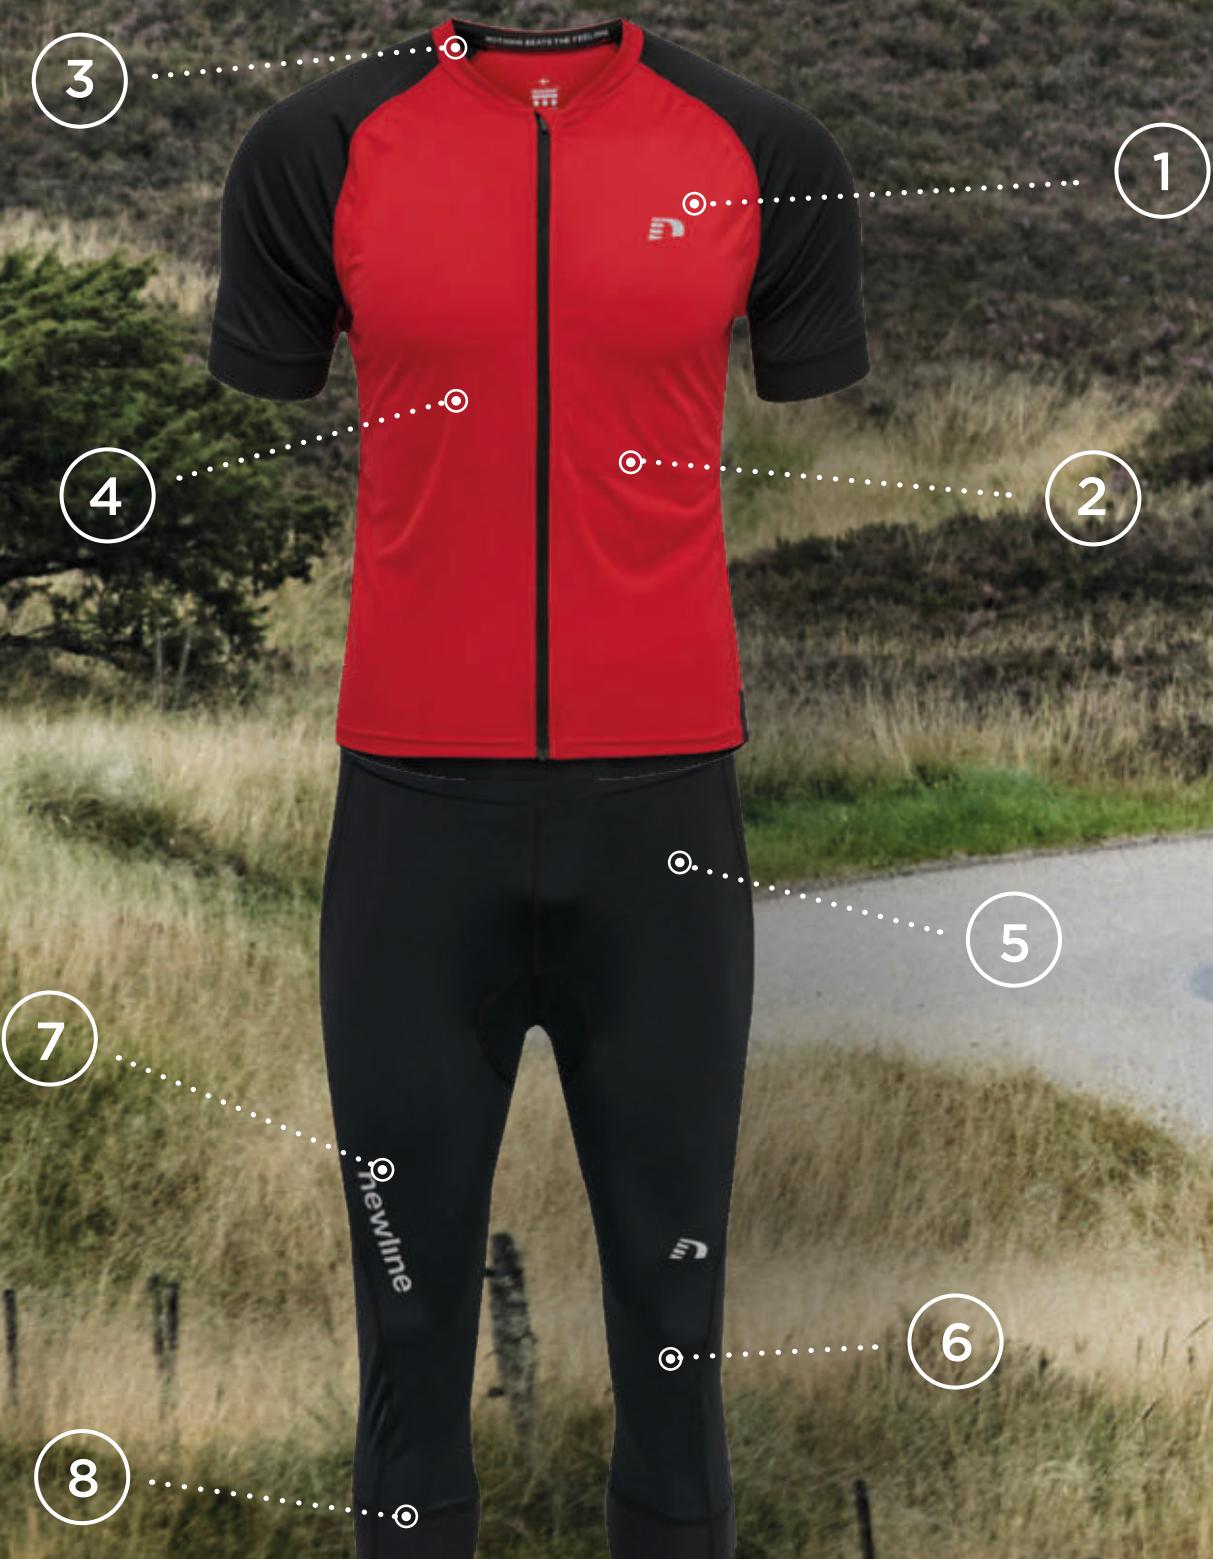

BIKE

The new Newline Core Bike is a collection of classic bike styles designed for the everyday basic cyclist. Timeless colors, clean simple design combined with high functionality and maximum comfort makes the styles perfect for cycling in all environments.

Crafted with lightweight materials for movement and function and made in a comfortable stretch fabric that provides moisture management, the Newline Core Bike collection is developed to make the perfect fit even more perfect. A range of must have styles to your workout wardrobe.

FEATURES

The background of the entire image is a photograph of a rural landscape. A paved road curves from the left side of the frame towards the center. On the right, there's a dense cluster of green pine trees. Beyond them, the terrain is covered in dry, golden-brown grass and low-lying shrubs, typical of a coastal or heathland area.
